

give your patients the care they need at the price they can afford.

Our end-to-end financing program gives your patients the option to pay over time for audiology services and products.

	Max Approval Amount	Term (Months)	Merchant Discount Fee	Annual Percentage Rate (APR)
Installment Loan	\$40,000	3-60	1.75%	7.99%-26.99% Based on applicant's credit.
Interest Promotion	\$40,000	12	2.99%	26.99% Based on applicant's credit.

example \$4,000 installment loan

\$97/month for 48 months at 7.99%.

49.87% of patients qualify for the 7.99% APR rate.

If the borrower meets the Interest Promotion requirements then they will pay only their original loan amount (principal loan balance). If the borrower does not meet promotion requirements, the minimum monthly payment (principal + interest) associated with installment loan will not change and the borrower will not be hit with hidden or deferred interest charges.

Interest accrues on your loan beginning Day 1 (booking date) and is reflected on your monthly statement. All interest paid throughout the life of the promotion period is applied towards the original loan amount. At the end of the promotion period, if the above requirements are met, you will only pay the original loan amount.

our simple solution in action.

Here's how we work with our large audiology provider networks.

Insights & Planning

We get to know your business and map out your launch plan.

Onboarding, Training & Launch

Your dedicated Ally account manager helps launch your custom financing program.

Performance Reviews

We'll routinely measure your success, identify areas to grow and refine your program.

Lifecycle Marketing

We'll help bring patients back through your door with strategic marketing campaigns.
